Good evening and welcome to Madeleine Walker Coastal Ballet Theater's "Spring Gala" Performance. We are so excited to share this evening of dance with you. Our Gala program is presented in two parts this evening.

We will start with the beautiful classic ballet "Coppelia." Originally premiering in Paris, May 1870. The music is written by Leo Delibes and the original story written by E.T.A. Hoffmann. The ballet is presented in three acts.

The second part of our Gala evening we present "Dancing Through the Decades". A tribute to the styles and techniques that shape the way we celebrate dance today.

We wish to thank all our wonderful families, especially the mothers who allow us the privilege of teaching our students. We have been blessed to share our love of dance for over 80 years, and thank these wonderful mothers so much for supporting our efforts to train and encourage our dancers. We could not have done it without you! Have a beautiful and happy "Mother's Day." Thank you and enjoy the show.

SPRING GALA 2025

Thursday May 8th and Friday May 9th at 7:00pm

“Coppelia”

Our story begins several hundred years ago, in a village square located in a small town in Central Europe. Among the buildings clustered around the square is the home of Swanilda and her mother Greta. Across the way is the house of the town’s most mysterious citizen, Doctor Coppelius. He is said to dabble in alchemy and magic but no one knows for sure. As Doctor Coppelius leaves his house he pauses, and looks up to his balcony window. He gestures kindly to the lovely young girl sitting in the window reading a book. Who is this strange girl? Everyone in the town calls her Coppelia, but no one has ever seen her outside of the house. Swanilda and her friends have been curious about this charming girl. Swanilda’s fiancé’ Franz has also taken notice of the girl in the window. He has been flirting with her each day as he passes on his way to visit Swanilda and her mother. As Swanilda’s jealousy and curiosity to the identity of her rival unfold, so does our story.
